CITRO PLUS HAND CLEANER

SUPPLIER DETAILS: OAK INDUSTRIAL SUPPLIES
HAMILTON ROAD
SUTTON IN ASHFIELD
NOTTINGHAMSHIRE
NG17 5LN

TELEPHONE NO: 01623 442222

PREPARATION OF SUBSTANCE

Product features and directions for use:

Citro Plus Hand Cleaner is a safe, effective hand cleaner for use on all types of skin and is unlikely to cause any problems with dry hands or dermatitis. It has been specially formulated for the printing industry to remove difficult soiling associated with the industry. It is also effective in the removal of cellulose paints used in the automotive industry (bodyshop), as well as dealing with a wide range of oils and greases, quickly and effectively. Citro Plus melts rapidly under the influence of body heat and the liquid then easily penetrates the dirt and oils. Severe soil by fibreglass resins or dirt under the nails, may require the use of a brush. Apply a small amount of Citro Plus Hand Cleaner to the hands and work in thoroughly using a rubbing action to loosen all oil and dirt residues and rinse away in warm water. Ensure hands are dried thoroughly after use.

COMPOSITION/INFORMATION ON INGREDIENTS

Occupational Exposure Limits
