HEALTH & SAFETY DATA SHEET

Identification Of The Substance And Supplier

Product Name: **Syngrease with PTFE 2269**

Name Of Supplier: Oak Industrial Supplies
Hamilton Road
Sutton in Ashfield
Nottinghamshire
NG17 5LN

Business Tel No: 01623 442222

Emergency Tel No: 01484 713201

Composition/Information On Ingredients.

General: Fumed Silica Grease with PAO Synthetic Hydrocarbon with added PTFE.

Hazards Identification.

This product has been assessed according to CHIP Regulations and does not contain any hazardous ingredients.

First Aid Measures.

Eyes: Flush eyes thoroughly with copious amounts of water.

Skin: Wash Skin thoroughly with soap and water as soon as reasonably practicable. Remove heavily contaminated clothing and wash underlying skin.

Ingestion: Rinse mouth thoroughly with water.

Absorb material from ruptured or leaking containers onto an inert material transfer to suitable container for subsequent disposal.

Handling And Storage.

Usage Precautions: Keep containers closed to prevent contamination. No special handling precautions required. Normal hygiene precautions will suffice.

Storage Precautions: Store in a cool, dry place.

Exposure Controls/Personal Protection.

Ventilation: No specific ventilation requirements noted.

Respirators: No Special respiratory aids required under normal conditions.

Protective Gloves: The use of suitable barrier cream is advised.

Eye protection: Wear safety glasses if there is a risk of possible eye contact.

Physical And Chemical Properties.

Apperance:	Translucent Paste
Relative Density (at 20 deg C)	0.98
Flash Point (COC) (deg C)	>235
Pour/Melting Point (deg C)	None melting

Staybility And Reactivity.

Condition to avoid: None

Material to avoid: Strong oxidising agents.

Hazardous Decomposition Products: Fire or high temperature creates oxides of carbon.

Stability: Stable in normal heat and light conditions. Not compatible with strong oxidising agents.

Toxicolgical Information.

Health Warning: Non Toxic

Spain: Low order of irritant.

Eye contact: May cause mild irritation or discomfort.

Inhalation: No hazard at normal ambient temperatures.

Ingestion: No evidence of adverse side effects from swallowing. May act as a mild lazative.
